Internship

Intern, UI/UX Designer at Dots & Coms (Onsite)

05/2024 – 11/2024
Vadodara, Gujarat

- Completed a 6-month internship as a UI/UX Designer, gaining hands-on experience in a collaborative environment.
- Collaborated with cross-functional teams to refine user flows and enhance the visual appeal of client projects.
- Developed wireframes, prototypes, and high-fidelity mockups to communicate design ideas effectively.
- Applied user-centered design principles to create intuitive interfaces that aligned with client goals and user needs.

Intern, Western Norway University of Applied Sciences (Remote)

07/2022 – 08/2022
Norway, Europe

- Led a 6-member remote research team at Western Norway University.
- Comprehensive study on the historical evolution, necessity, and various types of firewalls.
- Performed an in-depth analysis of the operational mechanisms and functionalities of firewalls, with a specific focus on Next-Generation Firewalls (NGFW).
- Conducted extensive research on firewall vendors to gain insights into the market landscape and technological advancements within the industry.
